Web - Mobile Developer

I am a professional web & ios developer with plenty of experience in developing websites, White Hat SEO, WordPress Development, Woocommerce, PBN Creator, iOS Development and Mobile App Developer(flutter). I have developed many sites from scratch as well as modified the already made sites too. I'm familiar with all the latest eCommerce platforms, CMS, frameworks, plugins, libraries that are being used to create modern websites.

I enjoy solving problems, troubleshooting issues, and coming up with solutions in a timely manner. I thrive in team settings, and I can get my skills to communicate effectively with others is what drives my ability to solve a variety of problems.
